

CALIFORNIA COOPERATIVE SNOW SURVEYS PROGRAM

ESTABLISHED 1929

P. O. BOX 219000, Sacramento, California 95821

September 26, 2016

Dear Cooperators:

We are pleased to announce that the 62nd Annual Meeting of the California Cooperative Snow Survey Program will be held at the Oakhurst Community Center in Oakhurst, CA, November 1-3, 2016 **(Tuesday through Thursday)**. We have not set up a preferred lodging location this year. However, there are several lodging choices within a short drive of the Community Center.

Registration for the Meeting will be **\$115** this year and includes coffee, lunch, snacks and beverages for Wednesday, the annual banquet on Wednesday evening, and coffee Thursday morning. The registration this year is inclusive of all sessions including the field training session scheduled for the afternoon of Tuesday, November 1st. The topics at this session are specifically aimed to address field related issues, and provide safety and technical training for hydrographers, field technicians, engineers, and snow gaugers. However we recommend all who can attend on November 1st to do so as we feel you will greatly benefit from the topics. The agenda for Wednesday, November 2nd and Thursday November 3rd will once again feature a superb group of presenters highlighting the emerging partnerships, efforts, and technologies aimed at improving snow measurements and runoff forecasting and where they fit into the future plans of the Snow Surveys program.

Please fill out and send in the enclosed meeting registration form with payment to our office as soon as possible. **The deadline for registration and payment is Friday, October 21st** as we must give a headcount to the caterer. **No Walk-In Registration is available this year.** The tentative agenda is attached.

We look forward to seeing all of you at this meeting. If you have any questions please don't hesitate to call Frank at (916) 574-2635 or e-mail Frank.Gehrke@water.ca.gov, or Dave at (916) 574-2983 or e-mail at David.Rizzardo@water.ca.gov.

Sincerely,

Frank Gehrke, Chief
California Cooperative Snow Surveys Program
Division of Flood Management

Dave Rizzardo, Chief
Snow Surveys Section
Division of Flood Management
